Randy,

One minor comment:

Backfill section seems to be left open ended when proposing the oversight fill placement authority agency/group. Potentially that is going to be placed later?

Regards,

Glen Mears - Plains

Cleanup Endpoint Workgroup (CEW),

Thank you participating in the CEW this morning. If I accidently left anyone off this list please forward to appropriate staff.

Attached for your review are:

1. CEW Contact List
2. The approved US EPA Section 4 Plan
3. Version 4 Cleanup Endpoint Document

The US EPA, RP, State RWQCB and SB County visited the site this morning to conduct a site visit to work on an expedited cleanup plan (to include: remediation plan, sampling plan, sampling frequency, & cleanup endpoint) and stormwater plan (please correct if I have my facts incorrect)

Thank you for recognizing this is an emergency response and a quick turn around time is requested and required. **Please provide comments by 1000 am 6/2/15**

Once item # 3 is reviewed, we will incorporate the plan developed by the RP/RWQCB/SB County to the plan when completed for UC approval.

Thanks

Randy Imai
